

AQA[®]

“Para alcanzar el éxito se necesitan argumentos convincentes y sobre todo excelentes productos”
De la mano de TYBSA, empresa fundada en 1985, nació con ilusión nuestra marca comercial AQA. Somos líderes en diseño vanguardista y en fabricación de productos propios de gran calidad y acabado, todos elaborados en acero AISI 316L. Abarcamos un gran sector como “Piscinas privadas y públicas, Hidroterapia, Wellness, Spas, Centros deportivos...”

La belleza del diseño carece de valor si no es funcional y provechosa, por ello AQA pone a su disposición, su departamento tecnológico, para poder desarrollar sus posibles requerimientos. Nuestro objetivo final es que nuestros clientes queden satisfechos y confíen en AQA.

“El detalle marca la diferencia”

“Per aconseguir l'èxit es necessiten arguments convincents i sobretot excel·lents productes”
De la mà de TYBSA, empresa fundada al 1985, va néixer amb il·lusió la nostra marca comercial AQA. Som capdavanters en disseny avantguardista i en fabricació de productes propis de gran qualitat i acabat, tots elaborats en acer AISI 316L. Abastem un gran sector com “Piscines privades i públiques, Hidroteràpia, Wellness, Spas, Centres esportius...”

La bel·lesa del disseny manca de valor si no és funcional i profitosa, per això AQA posa a la seva disposició, el seu departament tecnològic, per a poder desenvolupar els seus possibles requeriments. El nostre objectiu final és que els nostres clients quedin satisfets i confiïn en AQA.

“El detall marca la diferència”

“To achieve the success convincing arguments are need and in special, excellent products”
Of the hand of Tybsa, Company founded in 1985, was born with illusion, our trade mark AQA. We are leaders in avant-garde design and in manufacture of products characteristic of great quality and finished, everything elaborated in Stainless Steel AISI 316L. We cover a big sector as private and public pools, Hydrotherapy, Wellness, Spas, Sport centers...

The beauty of the design lacks valuable if it is not functional and beneficial, because AQA puts their arrangement, their technology department, to be able to develop your possible requirements. Our final goal is that our costumers remain satisfied and trust in AQA.

“The details marks the difference”

“Per avere successo si ha bisogno di argomentazioni convincenti, e soprattutto prodotti eccellenti”
Dalla mano di TYBSA, azienda fondata nel 1985, è nato successivamente il nostro marchio AQA. Siamo leader nel design all'avanguardia e nella fabbricazione dei propri prodotti di alta qualità e finitura, tutti realizzati in acciaio inox AISI 316L. Copriamo un ampio settore come “piscine pubbliche e private, idroterapia, wellness, terme, centri sportivi ...”

La bellezza del design non ha alcun valore se esso non è funzionale ed utile, per questo AQA mette a sua disposizione il dipartimento di tecnologia, per poter soddisfare le sue possibili esigenze. Il nostro obiettivo finale è che i nostri clienti siano soddisfatti e fiduciosi di AQA.

“Il dettaglio che fa la differenza”

“Pour arriver au succès, nous avons besoin d'arguments convaincants, et surtout de produits excellents”

De TYBSA, entreprise fondée en 1985, est née avec illusion notre marque commerciale AQA. Nous sommes leaders dans un style avant-gardiste et dans la fabrication de produits exclusifs de grande qualité et bien finis, tous élaborés dans un acier AISI 316L. Nous servons un vaste secteur d'activité allant des “Piscines privées et publiques, Hydrothérapie, Bien-Être, Spas, jusqu'au Centres sportifs...”

La beauté du dessin manque de valeur si elle n'est pas fonctionnelle et profitable, pour cela AQA a créé son département technologique, pour pouvoir développer des produits répondant exactement à vos besoins. Notre objectif final consiste à ce que nos clients restent satisfaits et fassent confiance à AQA.

“Le détail marque la différence”

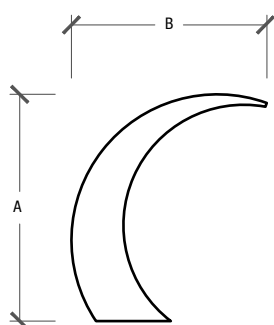

“Um den Erfolg zu erreichen, werden überzeugende Argumente gebraucht, und vor allem, ausgezeichnete Produkt”

Aus der Hand von Tybsa, gegründeter Firma auf 1985, entstand mit Illusion unsere Handelsmarke AQA. Wir sind Führer in avantgardistischem Design und in Herstellung von eigen Produkten in grosse Qualität und beendet, alle in Rosfreiem Stahl AISI 316L.

Wir umfassen einen grossen Bereich wiejals private und öffentliche Schwimmbäder, Wasserheilkunde, Wellness, Spas, Sportliche Zentren...

Die Schönheit des Designs fehlt wertvoll, wenn sie nicht funktionell und nützlich ist, deshalb AQA pflanzte zu seiner Anordnung die technologische Abteilung um seine möglichen Aufforderungen entwickeln zu können. Unserer Ziel ist dass unsere Kunden zufrieden bleiben und in AQA vertrauen.

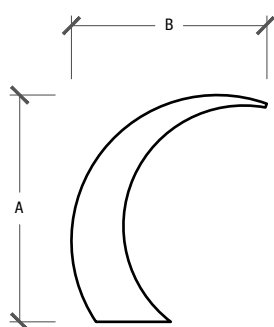

“Das Detail markiert die Differenz”
