## Patented cyclonic technology

for cleaning without loss of suction power

Zodiac® engineers have designed the first cyclonic suction pool cleaners.

**This technology creates a high-power vortex inside the filter. In this way debris is kept in suspension, preventing the filter from clogging and providing more power and more consistent suction.**

### Push'n'Go™

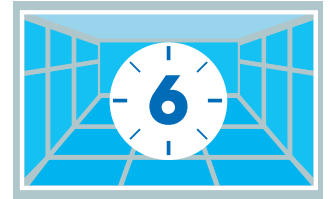

For easy filter access

One simple push of the Push'n'Go™ button raises the filter handle for easy removal.

## 6 cleaning cycles

Floor only and all-zone

Three cycle lengths available for each cleaning zone: floor only or floor/wall/water line.

## Filter full indicator

Shows when filter must be cleaned

For maximum ease of use, to maintain strong suction.

Filter basket with easy access and large capacity (3.7 L)

Extra-wide suction inlet (22 cm) for collecting all types of debris
